Natural Family Visit Request Form

This form must be completed for Global Insights to consider granting program approval for natural parent visits to the student's local community PRIOR to the student's release from the program. It should be understood that visits by members of the student's natural family or friends can be very disruptive to the adjustment of the student and an inconvenience to the host family. Therefore, visits during the first six months of the program are not permitted. All natural parent visits are discouraged until the very end of the program. In order that the student not face disciplinary action and/or possible dismissal from the program, any natural parent visit to the student's host community taking place prior to the student's release from the program must have the prior permission of the Global Insights President. During such visits, students will not be allowed to miss more than 1-2 days of school to visit or travel with their natural parents and then only with the prior approval of the Global Insights President. In addition to this form, students must complete the *Student Travel Request Form* before this travel request will be considered. Under no circumstances will Global Insights be responsible for any financial losses incurred if travel arrangements are made prior to approval from the Global Insights President.
